*Dear children,*

Summer vacation are synonymous with fun, frolic, getting up late in the morning, playing for longer hours with friends, going for picnics, exploring new places and watching fun filled shows on television. But dear children, there is a lot more you can do to make your vacation more interesting, meaningful and full of fun; along with doing all your heart desires. It will be great if you are able to find time to visit museums and monuments, learn new things, explore new areas near your house, play indoor and outdoor games, read as many story books as you can, help your parents and grandparents, go for morning walk and play in the park in the evenings during your long summer break. We are giving you a variety of fun-filled activities and worksheets which you can do during the noon time. Do them neatly and submit the worksheets to your teachers after the vacation. Wishing all of you a very enjoyable and fun-packed summer break.
